### ● Bus stop information

Bus stop No.⑩ at kinugawa onsen Station.

### ● Nikko Kido-type special car

Nikko Kido was a streetcar operated by the Tobu Group. It ran within the city limits of Nikko until operations ended in 1968. The Nikko Kido-type special car to be introduced this time is designed to resemble the car before it was discontinued in 1953. It has long horizontal seats in front. We hope that tourists will feel the nostalgic atmosphere of a classic streetcar as good memories of travel to Nikko.
